Alexandria Gazette

SATURDAY EVEN'G., JANUARY 24.

AMERICAN WINES .- The shortness of the French wine crop last year induc s some of the English newspapers to think that more attention should be paid to American and Australian wines. "It is far from unlikely," says the Landon Standard "that the time is coming when we shall be suspelled to look for a large portion of our regular wise supply outside the limits of these regions whence we have hitherto exclusively derived it, to the fertile soil of that new world which lies beyond the Atlantic and to our antipodean dependencies." In a very few years, with the encouragement of good prices and a steady demand, California and other pares of this country would be able to supply the world with all the wine it might wish to consume. Continual improvements are being made in visiculture in that State, and experiments with sotle and grapes and processes are now so forward that the vintage of the State may be regarded as a cortain and creditable crop. Some of the soils are peculiarly adapted to the production of wines of the finest bouquet and most delicate body. The volcanic soils of the Napa and Sonoma valleys, the red lands of the foot-hels of the Sierra, the deep soils of the valley of San Jose, in the Coast Range, the suppured terraces of Los Angeles, the fat plaits of Sacramento, are all known to be cap-ble of producing wine grapes. In Woodland, Yolo county, very fine muscatel raisins are made, said to be equal to the best produced in Malaga. EMBROIDERIES. - We have purchased over

5,000 yards of Hamburg Elging at a great bargain, and will sell it for one week under its value. Call and see them at I. Eighberg's

The Alexandria Gazetie, ber The Alexandria Gazette, 56° qun in 1799, is the oldest newspaper in Virginia and it has survived, with few exceptions, all the public presses in America which saw w the it the dawn of the nineteenth century. It lives too, not in decay or decrepit, but ful of life and youthful vigor, giving all the n' ws, telling the truth without fear, favor or s' dection, trenching on the privacy of no man's '.ome, but fell to the brim with all public information, and giving daily honest udgmer's of public men and public measures.

It furnishes the news telegrams of the New York Associated Press and of Reuter's Euro rean agency, being, with but two exceptions, the only paper between Baltimore and Rich mond that is thus connected with the great fountains of the world's news.

With the coming year all the long tried and improved methods of making a standard newspaper will be continued, with such additional facilities as past experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers. It expects to render faithful service to the city, the state and the country by a candid criticism of men and events in the interest of the people of the Common wealth of Virginia.

The year 1880 will be a period of critical interest in both the Union and the Common wealth. The election of the eighteenth President of the United States will take place, with all the combinations precedent, and counts; consequences and settlements subsequent, will call for record in the coming volume. The developments of the financial situation, which may portend affluence and comfort or poverty and privation to thousands, are now in progress, and the columns of the Gazette will note each step as well as chronicle the result. A new and striking foreign policy is among likely events, and the absorbing interest of it cannot be overestimated. In Virginia there is political chaos and industrial and commercial depression. The way out of this quagmire will fill many of those paragraphs with information of rare interest.

To meet all the demands upon it in an exceptional year, the Gazette will be made a WASH-INGTON and RICHMOND NEWSPAPER, as well as an ALKXANDRIA JOURNAL. The Richmond and Washington news of the past year has left little to improve, but yet greater effort will be made to insure absolute perfection in these departments.

The city of Alexandria will find as usual its daily history in each evening's issue, and the Intelligence of that section of the Common wealth which nature has bound to Alexandria by the curvature of its mountains or the courses of its rivers as well as that portion linked to us by the iron bands of railways, will be assiduously chronicied.

The Business and Commercial columns of the Gazette will be filled with the earliest and most exact commercial news, edited with such painstaking care as will render an error, where even slight errors are dangerous, impossible.

The Cattle Markets of all the leading points of the world whose rates affect this market will be quoted, and regular statements of the Baltimore, Georgetown, Washington and Alexandria sales of cattle will appear.

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexandria and neighboring markets given with accuracy and dispatch. The Grocery and other markets will receive constant attention, and the money or stock markets of the country epitomized for its columns, full details being given to all stocks &c , which fied in esters in this section of the country.

The advertising columns of the Gazette effer inducements which experience has shown to afford greater returns for a small investment than any other which can be made.

TERMS OF SUBSCRIPTION.
